

## FUNDRAISING AT SCHOOL

Organizing fundraising activities or events for kids at school can be a fun way to engage them while supporting a good cause.

### ORGANIZE A BAKE SALE

Set up a bake sale where kids and their parents can contribute homemade treats. This gets you some yummy snacks with your friends!

### THEMED DRESS UP DAY

Choose a fun theme like "Superhero Day" or "Pajama Day." Kids can bring in \$5 to dress up, and the funds collected can go toward the student's fundraising page.

### COIN DRIVE

Set up collection jars in classrooms for loose change. Make it a friendly competition between classes to see who can collect the most.

### WISHING WELL

Set up a "wishing well" at school events, where people can make a wish and drop in a coin or donation. This is a great time to spread awareness about cystic fibrosis. Your suggested wish can be to find a cure.

### LEMONADE STAND

Does your school host events or sports events? Set up a lemonade stand that day and learn about budgeting and donating a portion of the proceeds to your fundraising page.

### ARTS & CRAFTS SALE

Get the students to create and sell their artwork or handmade crafts. Parents can come and purchase their children's masterpieces.
