

FUNDRAISING IN THE COMMUNITY

Getting involved with fundraising activities within your community fosters a sense of responsibility and community engagement.

BOTTLE DRIVE

Visit your neighbors with a parent right before recycling day, to collect bottles and cans to return for money at the grocery store.

COMMUNITY CLEAN-UP DAY

Organize a day where kids, along with their families and friends, participate in a community clean-up. Find a local business to give you \$10 for each bag of trash collected.

GARAGE SALE

Have families donate gently used items, and organize a community garage sale. All proceeds can go to your fundraising page.

PET WASH

Do you love dogs? You can offer a pet washing service for your neighbors. Buy some doggy shampoo and charge a fee to wash them. Don't forget to brush them at the end.

TREE PLANTING DAY

Ask a local nursery if they can donate plants or trees. Ask your neighbors to purchase the plants or trees from you, and you can even offer to plant with them.
